CONTROL
YOUR CAR PARK
FROM THE PALM
OF YOUR HAND

/ THE INTERACTIVE
APP ALLOWS YOU
TO MANAGE YOUR
CAR PARK WITH EASE.
WHEREVER YOU ARE.

TAKE CONTROL

/ Be smart, be mobile!

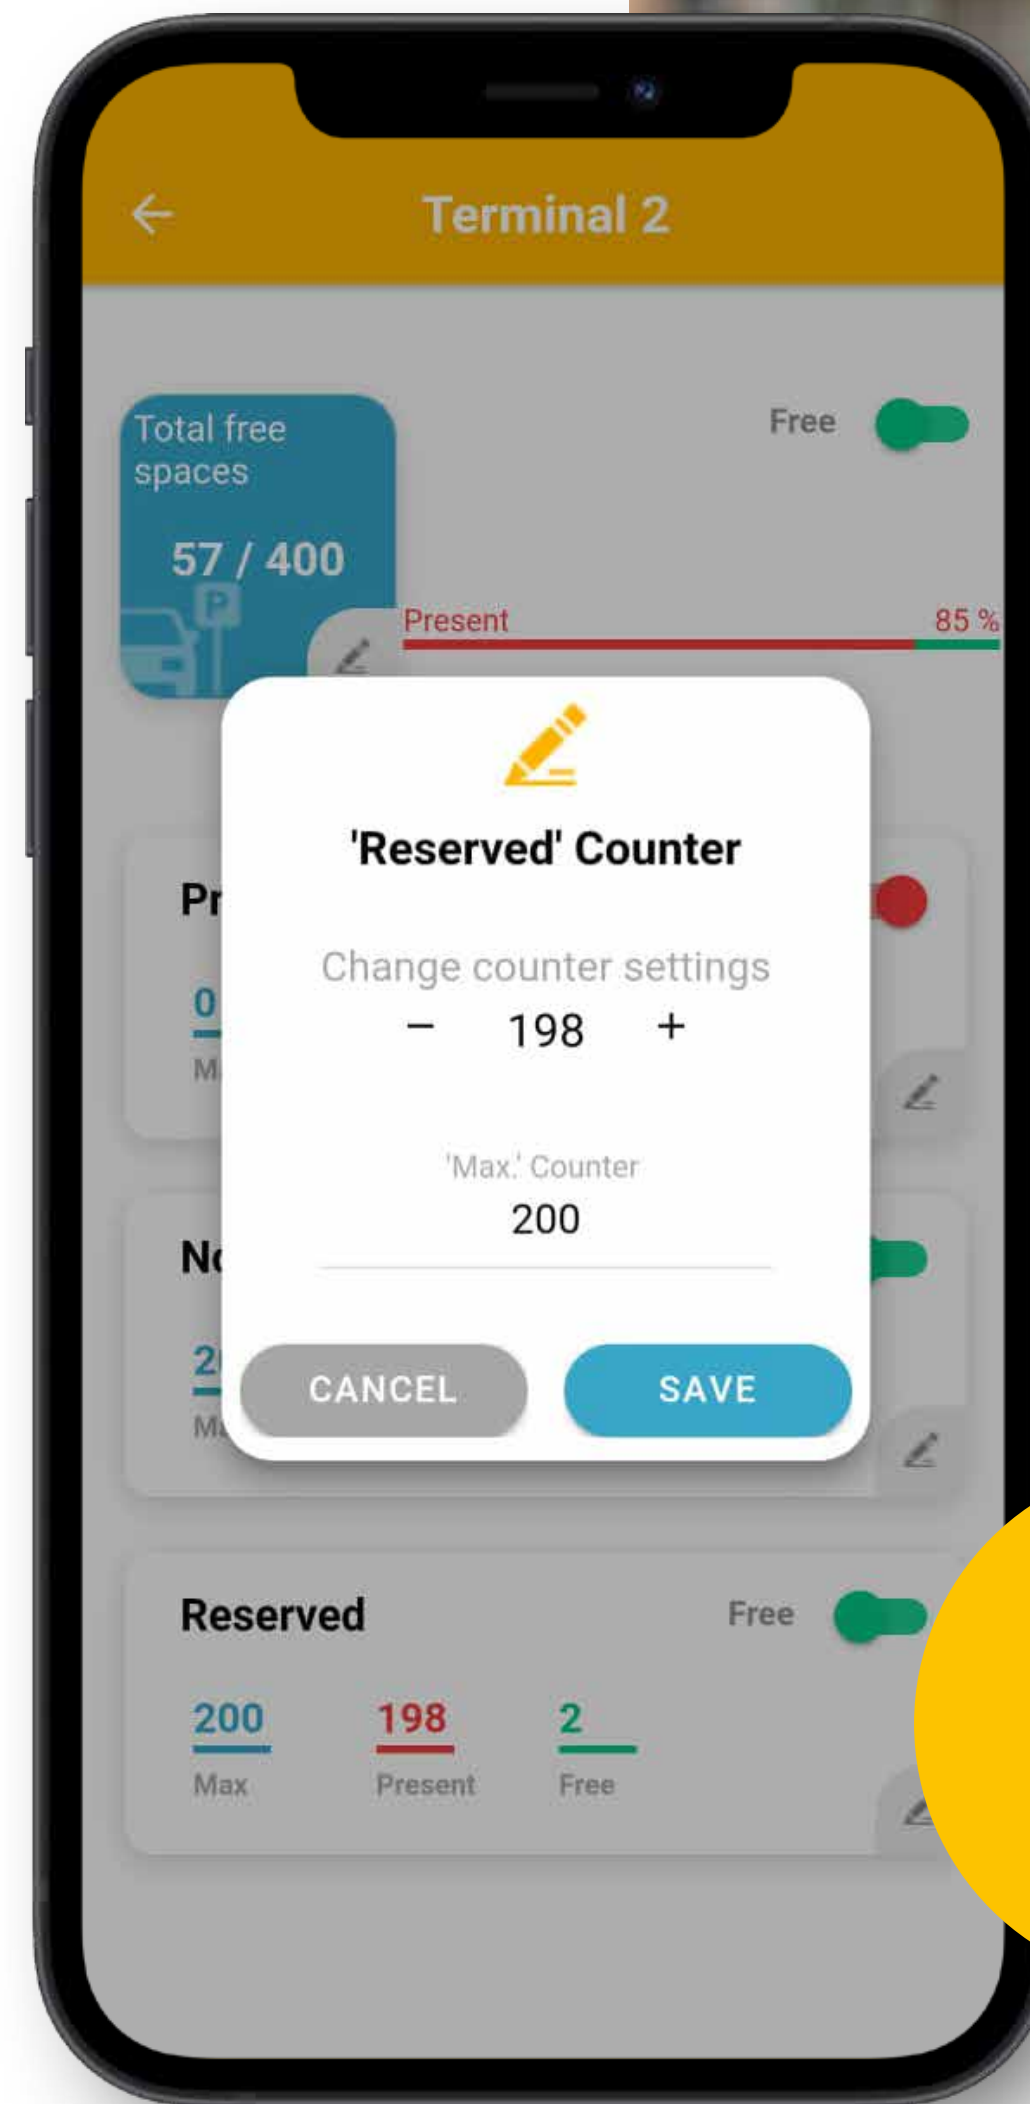

Enjoy full control of your parking system, requests and data in just one professional app: entervo smart control. The interactive app allows you to manage your car park with ease – mobile, smart and safe. Check the live status of all devices anytime. Get notified promptly, if any problem occurs. Take care of your customers' needs wherever you are. entervo smart control enables you to react quickly while being on the move. **Take control!**

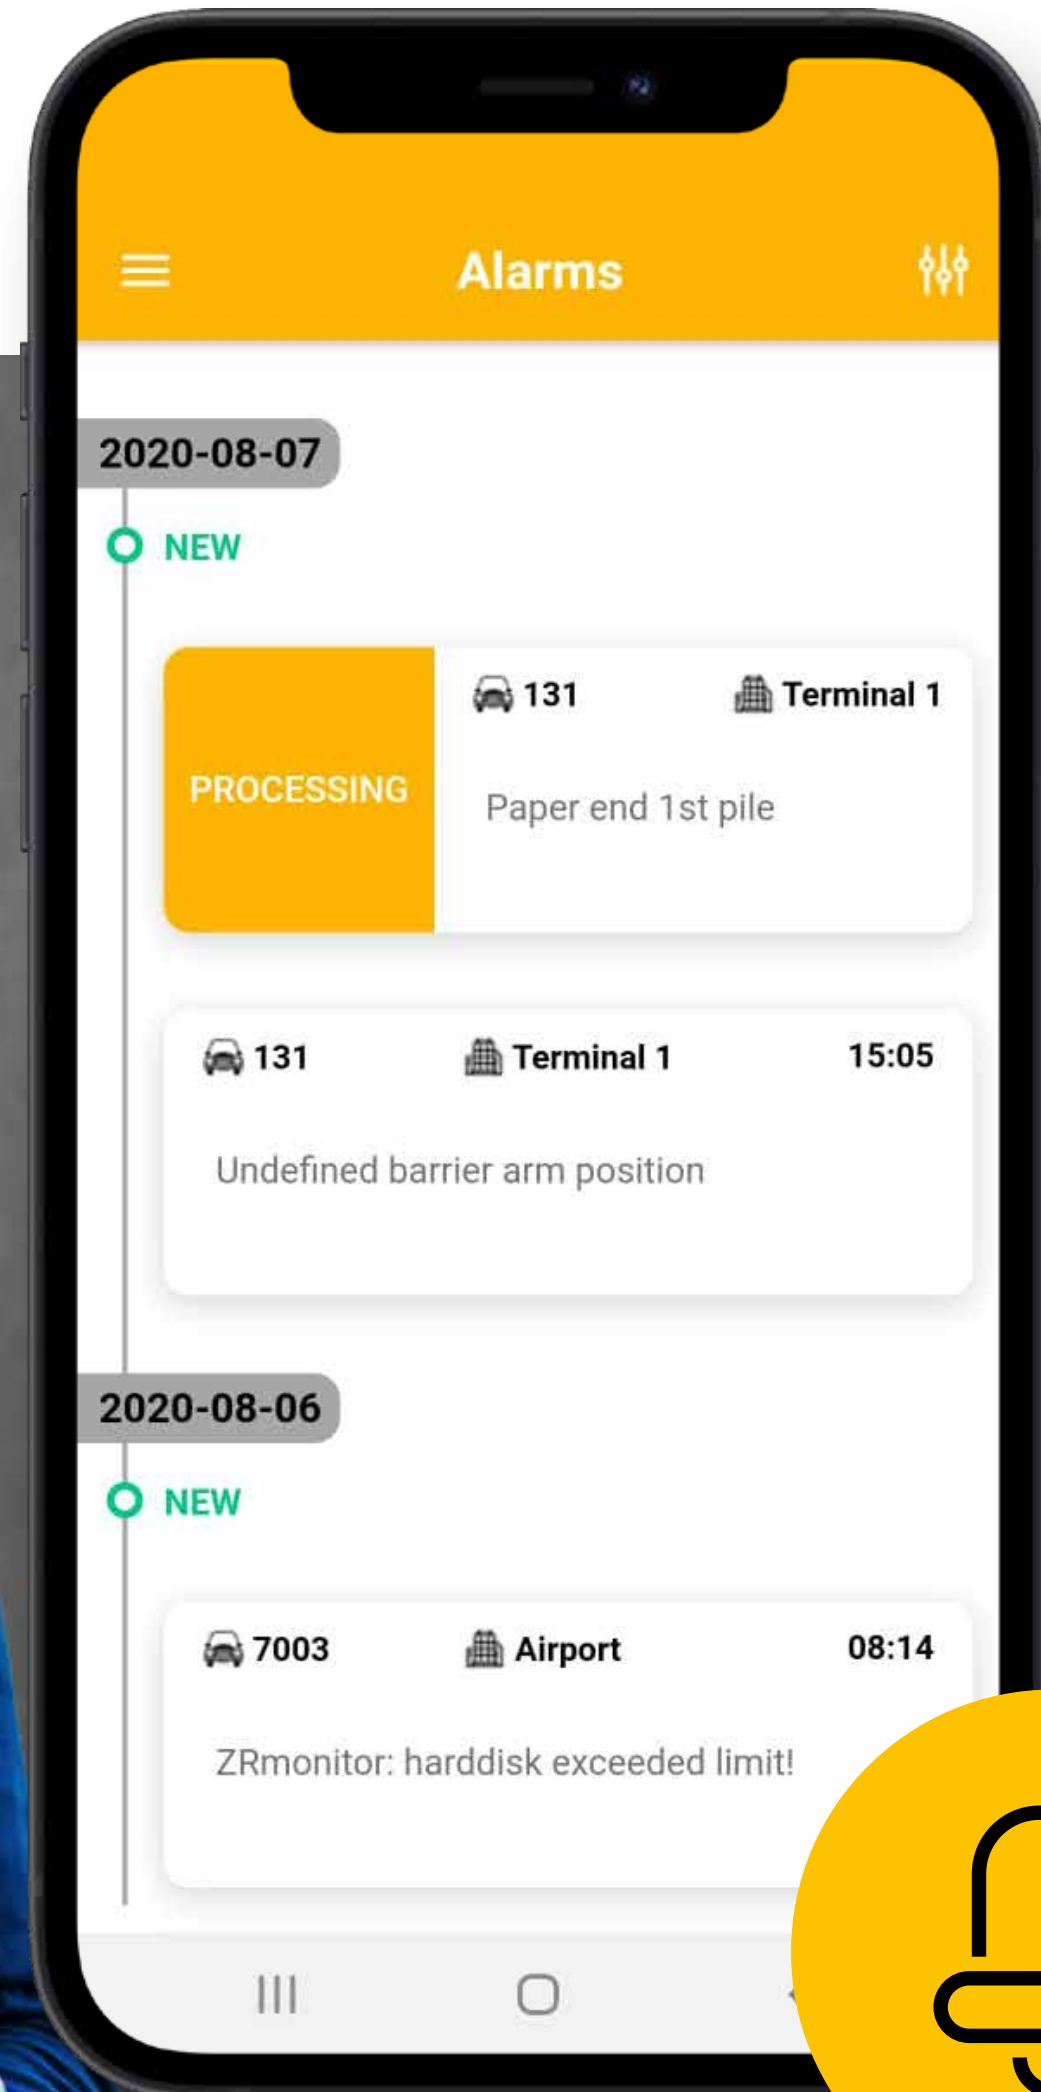

/ Be smart

MANAGE YOUR CAR PARK ON THE MOVE

Manage parking in one professional app with entervo smart control. Get an overview of all current events in your car park on your smartphone: Review and manage every counter and (re)act while being on the move. **Smart and easy!**

/ Take control

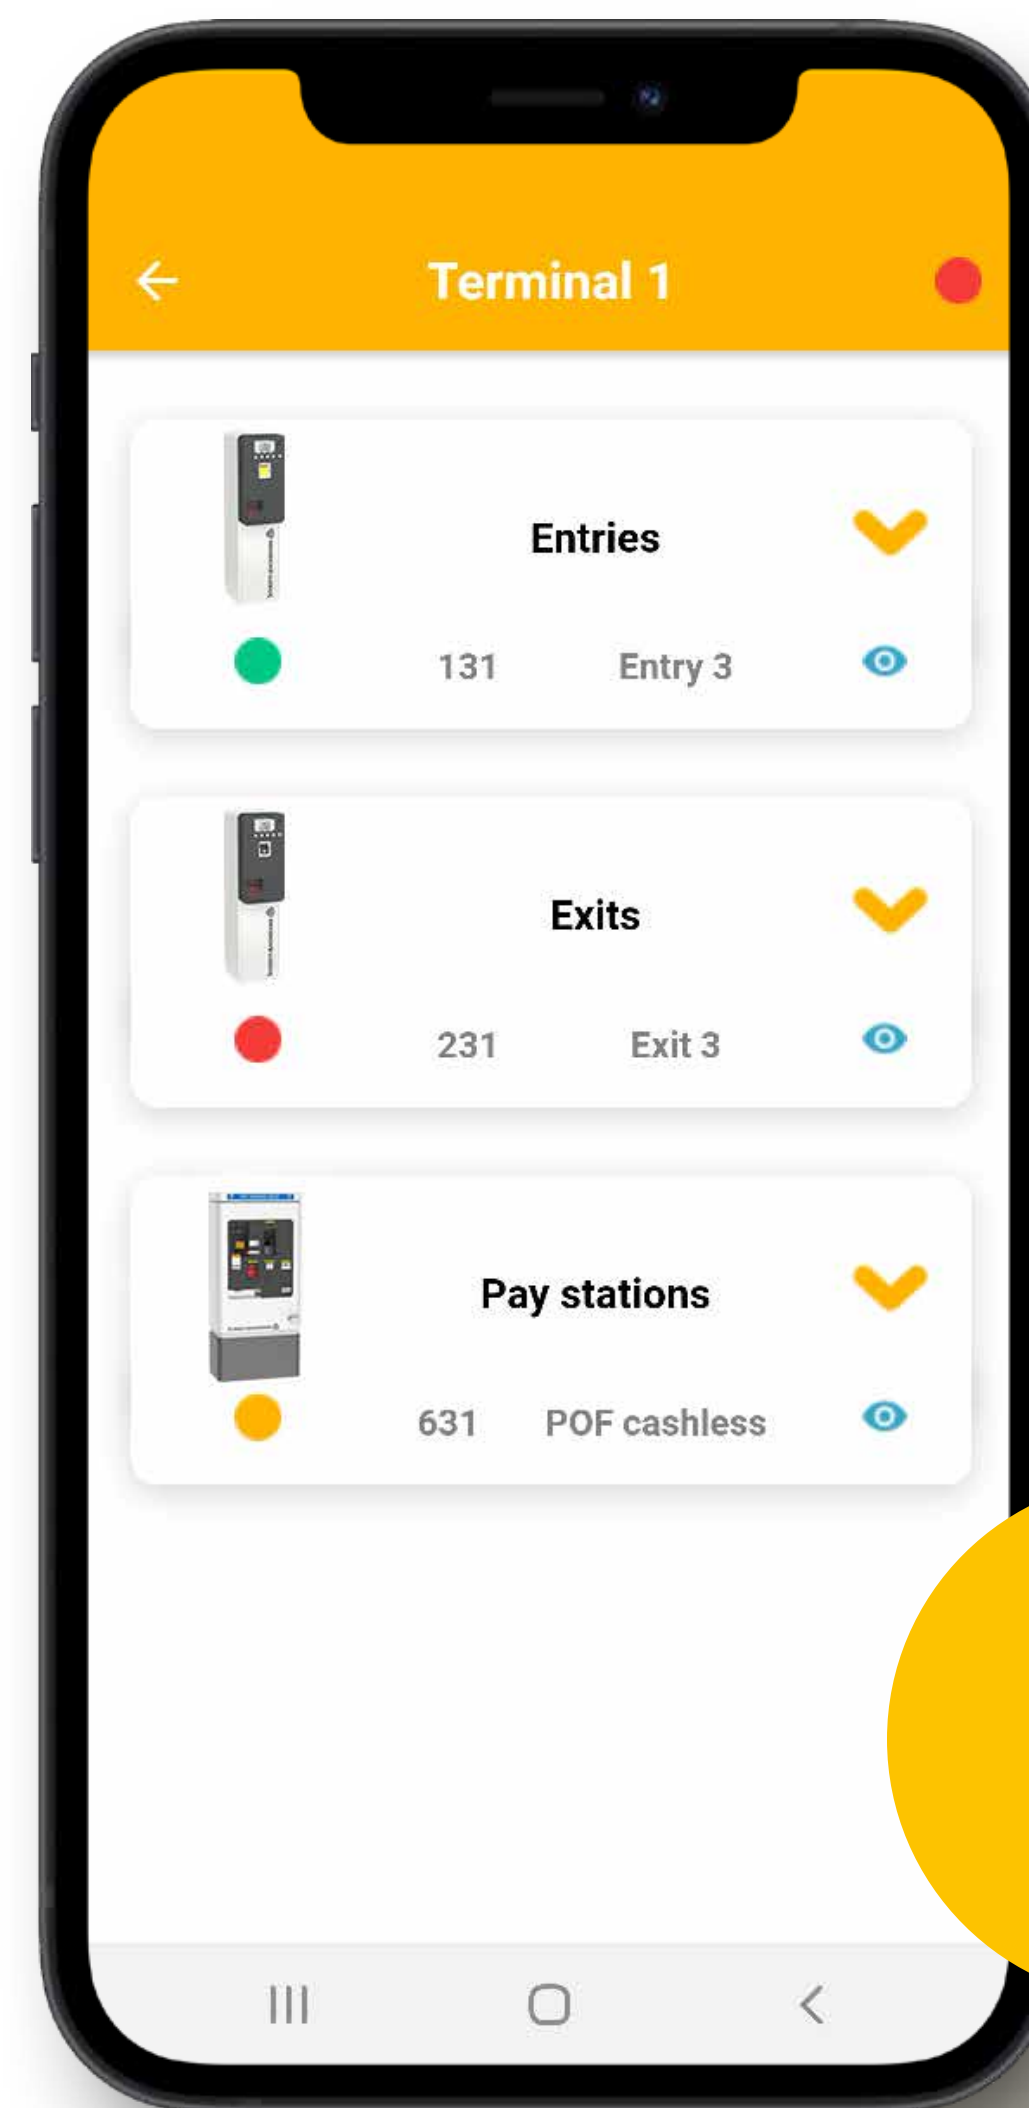

PROACTIVE OPERATION WHEREVER YOU ARE

entervo smart control allows you to intervene conveniently and quickly – wherever you are. Rely on detailed alarm notifications for troubleshooting. Work with foresight, for example if the receipt paper runs low. Be present promptly, whenever a situation needs your immediate attention. **Be mobile!**

/ Your app

CHECK ALL DEVICES ON YOUR SMARTPHONE

entervo smart control provides full access to all car park devices. The intuitive app enables your staff to manage all devices on a plain user interface. Check entries, exits and pay stations by simple traffic light symbols. See if and where action is required at a glance. **Everywhere and at any time!**

/ entervo smart control

SMART CONTROL MOBILE SYSTEM

The interactive app allows you to manage your car park with ease. Edit and adapt devices on the go and check the counters mobile. Rely on alarm notifications for trouble-shooting. If you opt for an intercom 3rd party with a divert facility then you can even take intercom calls from the same mobile phone that has the smart control app. And last but not least: **Make your customers' journey seamless!**

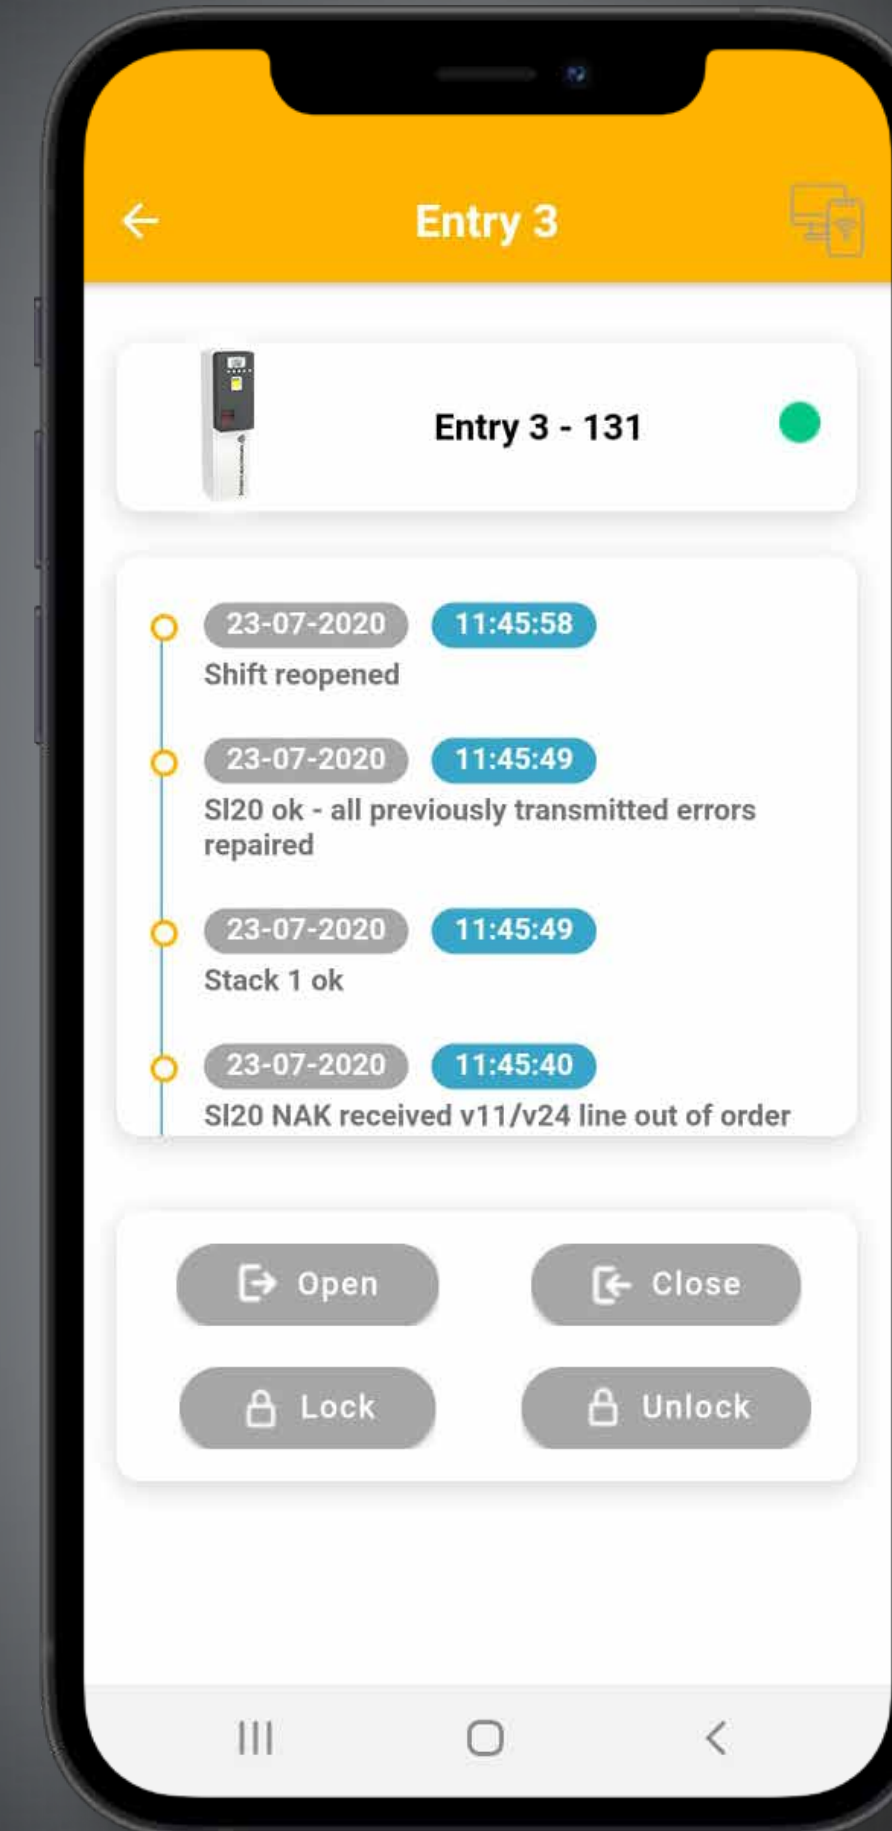

DEVICE CONTROL

Entries, exits and pay stations with live status and one click control commands

CAPACITY COUNTING

Edit and manage different counting categories

ALARMS

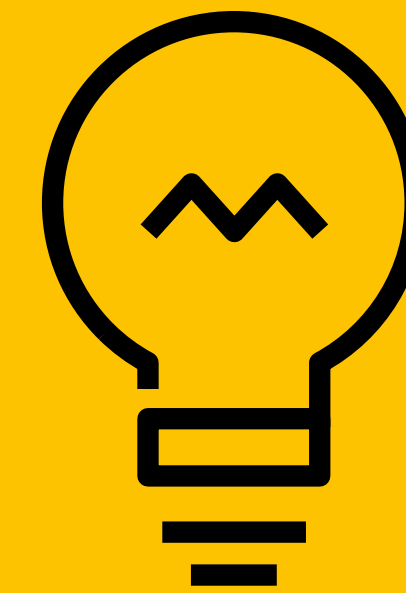

Instant system alarms notifications

OPTIONAL FUNCTIONS

Overflow parking, contract parker management, mobile payment, easy validation

/ TAKE CONTROL,
BE SMART,
BE MOBILE!
