VALIDATION
DIGITAL AND FLEXIBLE

SCHEIDT&BACHMANN

VALIDATION IS A SMART SOLUTION FOR ACHIEVING CUSTOMER LOYALTY. CLOUD-BASED, CONFIGURABLE CONCESSIONS.

VALIDATION
MADE EASY

/ entervo smart validation

Scheidt & Bachmann's digital validation solution is cloud-based and suitable for use on our ticketed or ticketless parking systems – it's easy to use. Partnering local businesses and empowering them to provide concessionary parking to their customers is a win/win. Retailers, gyms, cinemas, restaurants etc. can entice their customers, make a sale and discount their customers parking. You, the car park owner/operator reconcile the validations and cross-charge the businesses via the intuitive dashboard.

- Car Park Owner/Operator wins
- Local Business wins
- Motorist wins

Functional, transparent and clear reporting is naturally included.

Digital, simple, transparent!
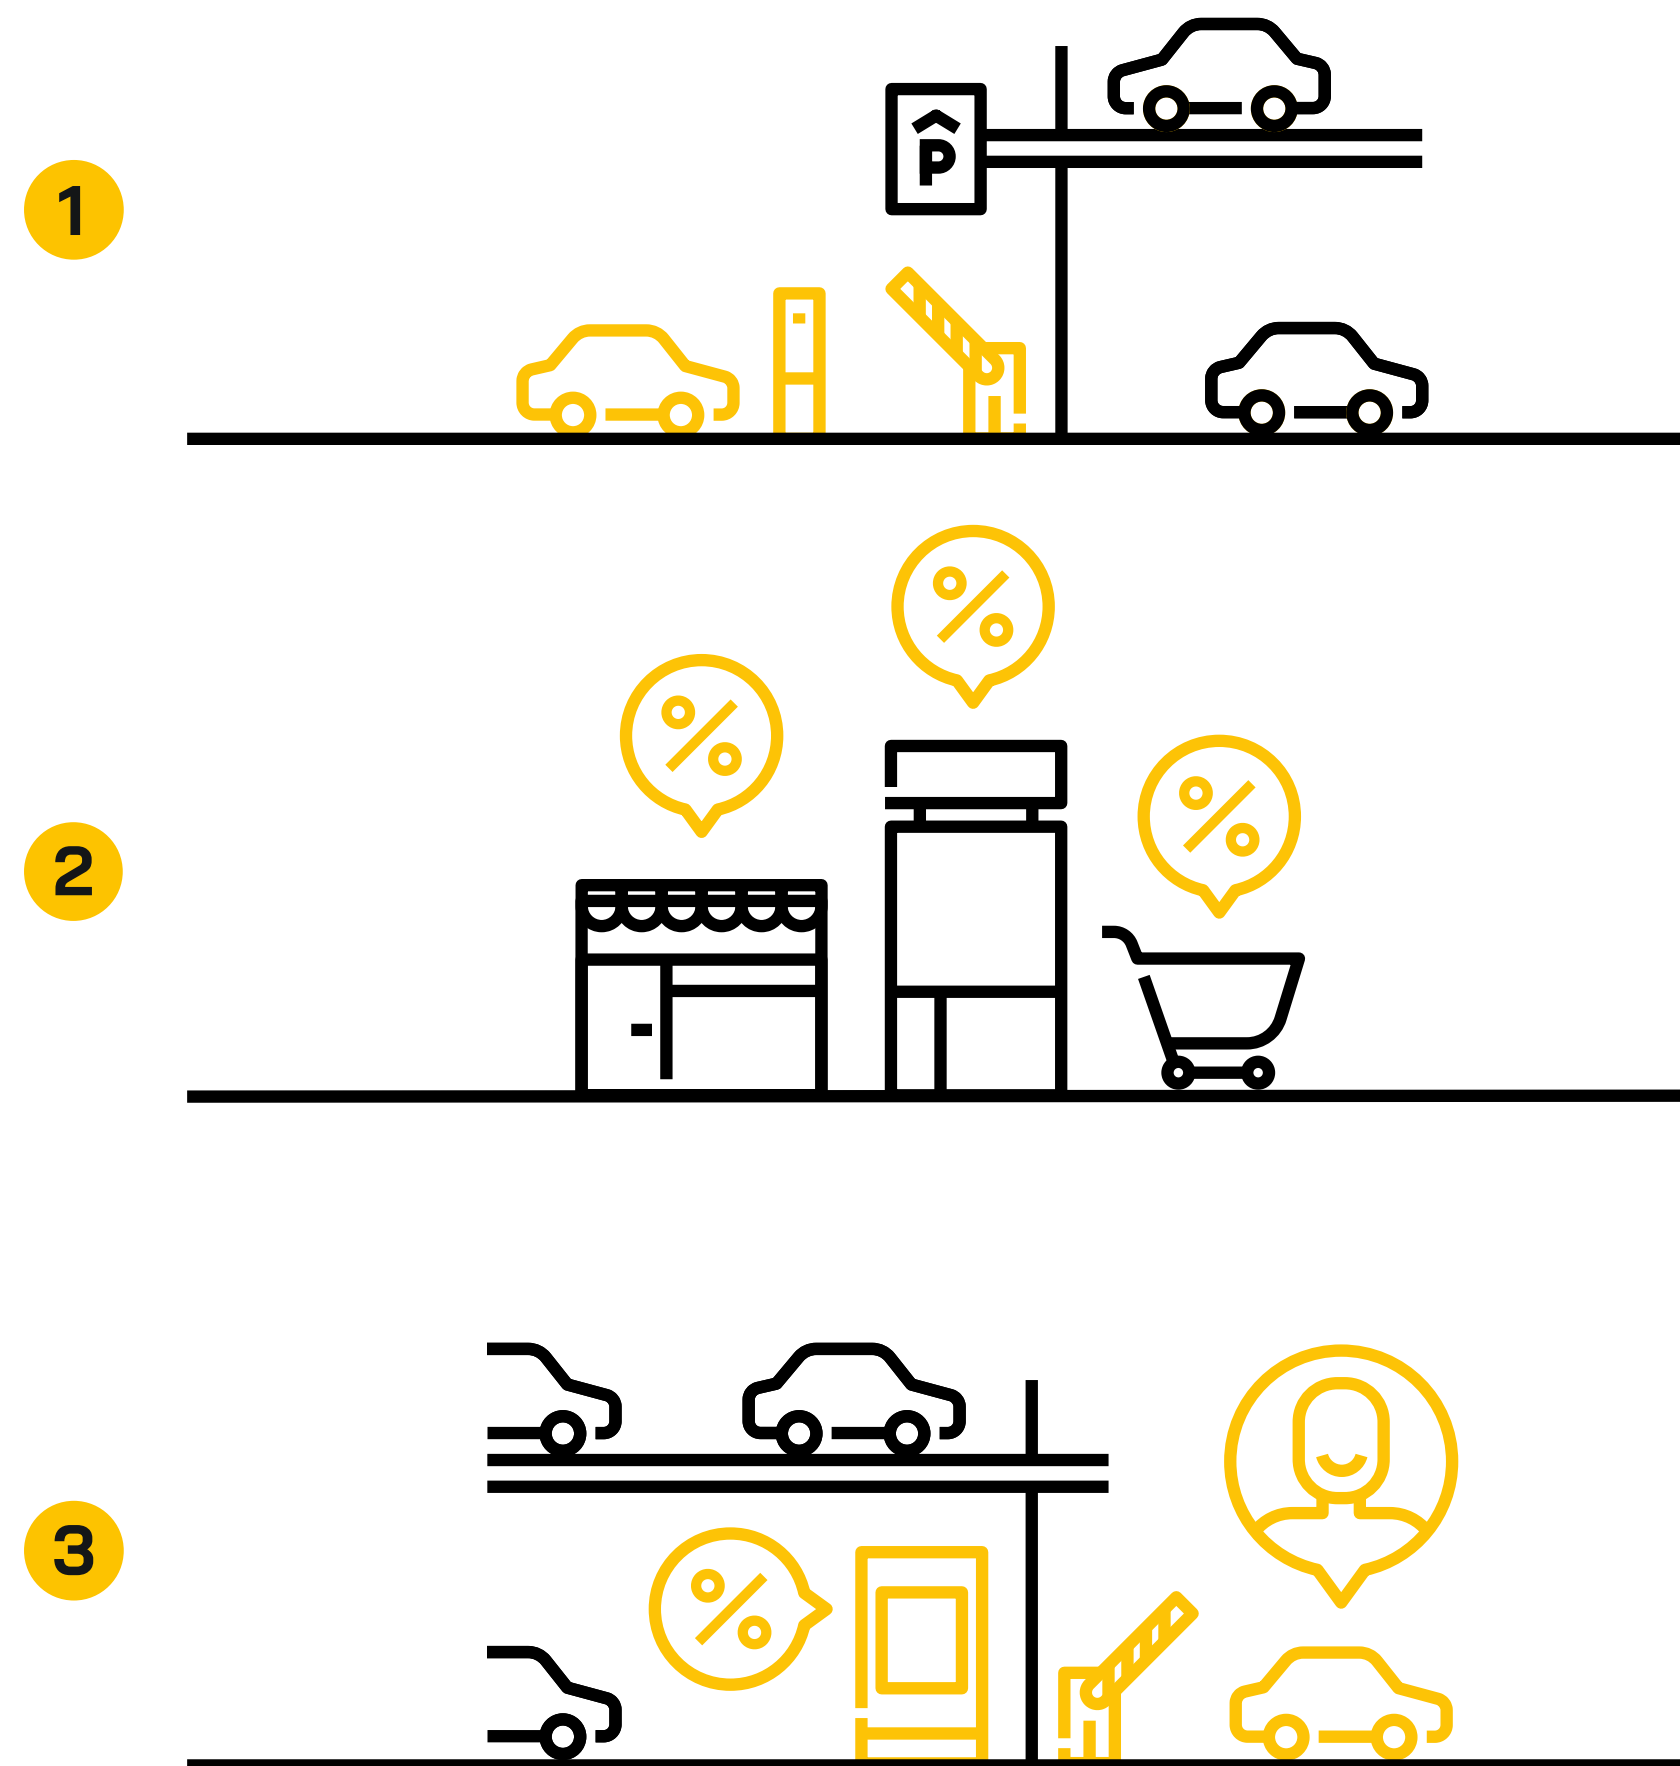

/ Make your customers happy!

DIGITAL VALIDATION: SUSTAINABLE AND FLEXIBLE

Achieving customer loyalty couldn't be easier: Our cloud-based solution works on your existing tablet(s) or smartphone(s) - that is all you will need to use the entervo smart validation app. Participating retailers simply register on the landing page and use the intuitive dashboard to flexibly configure the validations that they desire. Validations are easy to provide by retail staff or, alternatively the 'Kiosk Mode' is a self-serving function. The retailer manages their own validation schemes whilst the car park owner/operator can control the retailers user-rights and profile. **Everything in one application.**

SATISFIED CUSTOMERS ARE YOUR BEST ADVERTISING

1 Motorists enter the car park in the normal way.

2 The motorist can redeem discounts for their parking from multiple participating retailers.

3 Discounts are accumulated and deducted from the parking tariff at the pay station.

EFFICIENT AND FLEXIBLE
# EVERYTHING IN ONE APPLICATION

FLEXIBLE VALIDATION
Validation by percentage, monetary value, tariff conversion or time-based. Charge participating retailers upfront or retrospectively.

EFFICIENT MANAGEMENT
After having been registered by the car park operator/owner, retailers manage their portal independently (user profiles, customisations). The application is clear and intuitive to use.
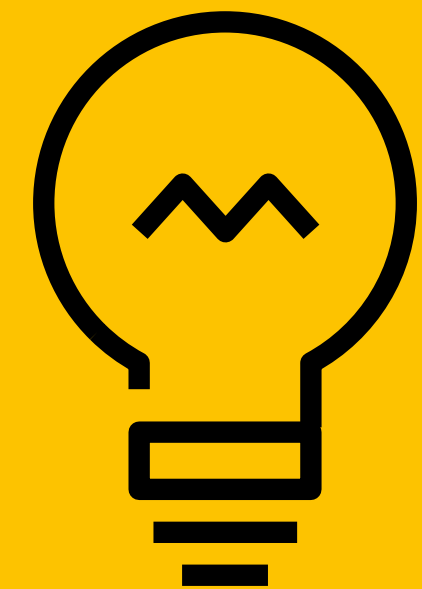

CLOUD-BASED APPLICATION
Easy registration, management and validation: Convenient for car park operators/owners, retailers and customers. No further hardware required.

QUICK OVERVIEW
Precise reports through configurable key performance indicators. Quick evaluation of the current data on the clearly designed dashboard.

AREAS OF APPLICATION
Shopping centres/retailers, hotels, cinemas, gyms, theatres, restaurants, exhibition centres and venues, and more
